

## ***National Player Recognition Program***

We are excited to kick-off the Heart of the Babe national program for another season! Teams across the nation will participate in this exciting player recognition program to celebrate that one special player on each team who embodies the values and qualities of the legendary Babe Ruth and of the Babe Ruth League.

Now, this is not an award for who's our best player, or the most popular... this is about the player who NEVER GIVES UP... about the player who shows "determination".

***"It's hard to beat a person  
who never gives up."*** — Babe Ruth

Coaches will be choosing their team's award-winner. So every one of you has the chance throughout the season to show that you're working hard to improve your play; determined to have the very best experience for you and your teammates.
